

# Florian Chague

Full-Stack Developer — Vue.js / Nuxt.js / Node.js / Java

+33 69 98 916 47 · florian.chague2@gmail.com · France

florianchague.dev · github.com/lztochenValk · linkedin.com/in/florian-chague-023552308

Full-stack web developer who has just earned the French CDA qualification (Application Developer-Designer, RNCP level 6). Several years in enterprise technical support (IBM Power/AIX, Google Ad Manager) bring strong diagnosis, debugging and production-environment skills. I build clean, tested and maintainable applications with Docker and CI/CD pipelines. Internationally mobile.

## Education

### Application Developer-Designer (CDA) — Java DevOps specialisation

ADRAR · 2025–2026 · RNCP level 6 — passed, awaiting official certification

Software architecture, Java Spring Boot, JavaScript/TypeScript, CI/CD, Docker, automated testing.

### Bachelor's Degree in Public Law

University of Montpellier I · 2012

### Diploma in Web & Multimedia Project Management

CCI Ouest-Normandie · 2016–2017

## Experience

### Web Developer Intern — “Bulgarian Language – Language of Europe” Association (Paris · Remote)

Mar 2026 – Apr 2026

- Delivered two websites in parallel; built and integrated the WordPress institutional homepage, customised the theme and translated content from Bulgarian to French.
- Full build of the association site (in Bulgarian) on AssoConnect: site structure, content, layout, membership and donation forms.
- Created interactive H5P content for the association's Moodle learning platform.
- Onboarded the association's members on the WordPress and AssoConnect platforms.

### Customer Service Representative — CLBS, Chiang Mai (Thailand)

Dec 2024 – Apr 2025

- French-speaking multichannel customer support (phone, email, chat).
- Issue triage, reproduction and prioritisation.

### Technical Support Engineer (IBM Power / HMC) — IBM, Sofia (Bulgaria)

Jan 2023 – Jul 2024

- Support on IBM Power Systems: AIX & Linux, HMC and PowerVM virtualization.
- Troubleshooting, firmware and Bash / PowerShell scripting.

### Technical Support Specialist — HCLTech, Dublin (Ireland · Hybrid)

Sep 2021 – Jul 2022

- Web support for Google Ad Manager (French market): JavaScript debugging, tracking pixels and browser integrations.

### Support Specialist — Teleperformance, Lisbon (Portugal)

May 2021 – Jun 2021

### JavaScript Developer — Pontica Solutions, Varna (Bulgaria)

2020 – 2021

- Front-end JavaScript features for the Sutart delivery platform: UI integration, bug fixing and UX.

**Earlier:** Volunteer Teaching Assistant, Erasmus+ (Varna, 2018–2019) · PHP / C# Developer Intern, CDG Aude (Carcassonne, 2016–2017).
